BOARD AGREEMENTS & PROTOCOLS

The governing board is the governing body of this school district and derives its power and exists under the Constitution and Acts of the Legislature of the State of California and the procedures of the California State Board of Education and the City of Greenfield.

The legal description of the territory of this school district and maps thereof are on file in the office of the Monterey County Superintendent of Schools.

The governing board has the power and responsibility to discharge any duty imposed by law upon it or upon the district of which it is the governing board. (Ed. Code 35161)

The governing board may initiate and carry on any program, activity, or may otherwise act in any manner which is not in conflict with or inconsistent with, or prohibited by law, and which is not in conflict with the purposes for which school districts are established. (Ed. Code 35160)

The responsibilities of the Greenfield Union School District Governing Board shall include but not be limited to the following:

- * Children's interests come first: The board will represent and consider all decisions as they relate to what is in the best of students.
- * Exemplify the Governance Role: The leadership team (board and superintendent) will support the policies of our district and the superintendent from unjust criticism. We will continue to annually study and review policies for effectiveness and appropriately engage key stakeholders in the development or deletion of policies and policy revisions. We will maintain and apply district policies consistently while being cognizant of and recognizing the potential uniqueness of any given situation.
- * Chief Executive Officer: The superintendent is the chief executive officer of the senior leadership team and is employed by the Board. The superintendent should make recommendations, proposals or suggestions on most matters that come before the board.
- * Board Goals: The board will develop and set clear goals for themselves, and the superintendent. Together, the board and superintendent will develop and set clear goals for the District.
- * Self-assessment/Evaluation. The board will receive and welcome constructive criticism and will address its internal behavior by conducting a yearly self-evaluation and by addressing itself to any individual problems i.e., poor meeting attendance, leaking confidential information, not attending board prep, etc.
- * Collective Decision Making Process: Individual members of the board have no legal authority to deal with the superintendent on an individual basis. The senior leadership team of the district will support decisions made by the board once a decision is made. We, as a board, will publicly and privately support the decisions made by the majority.
- * One Body/One Voice: The board acts only as a body. Only the board as a whole has authority. Individual board members do not have authority. We agree that an individual board member will not take unilateral action with the community or staff. We will not make statements of personal opinion that would be interpreted as the voice of the Board approval, either during Board meetings or out of meetings. The Superintendent and board president will communicate the position(s) of the board on controversial issues.
- * Board Meeting Protocol. Conduct at a board meeting is very important. We desire to have a legacy of a well-functioning, effective board. We agree to avoid words and actions that create a negative impression on an individual, the board or the district. We will be open-minded and will respect the opinion of other Board members, the staff, and community members with dignity and respect. We will not react to impromptu complaints on the spot, but will assure any individual(s) that the school district will follow-up.
- * Marathon Board Meetings. To be efficient and effective, long board meetings must be avoided. If a board member believes, they do not have enough information or has unanswered questions, the superintendent is to be contacted before the meeting. Information given to one board member should be given or distributed to all members. Such information and distribution apply to both agenda items and general district business.
- * Board Agenda Items: We agree to ask the board president or the superintendent to place an item on the agenda instead of bringing it up unexpectedly at the meeting. Any questions or information regarding an agenda related item should be directed to the Superintendent or the appropriate staff members prior to a board meeting.
- * Speak to Agenda Issues: The board will not play to the audience nor engage in back and forth conversations. We agree to speak to the issues on the agenda and give attention to our fellow board members. Any additional facts and information needed will be referred to the superintendent.
- * Closed Sessions: Closed Sessions will be held only for appropriate topics authorized by law, and reported out as prescribed by law.

Board members will be extremely sensitive to the legal ramifications of their meetings and comments. Confidentiality is a requirement of all closed session participants, both legally and professionally.

* Practice Efficient Decision-making: Board meetings are for decision-making, action and votes, not endless discussion. The board president is responsible for conducting an efficient meeting. We agree to move to the question when the discussion is repetitive. Individual items on the consent agenda can be removed and voted on separately rather than disapproving all consent in a single vote.

* No Surprises: Do not spring surprises on other board members or the superintendent at a board meeting. Surprises to the board or the superintendent will be the exception, not the rule.

* Communication between staff and the board: We encourage communication between staff and the board as long as it follows board policy. The board recognizes that open and constant communication regarding school district issues is extremely important. We will strive to anticipate issues, which may become important or are sensitive to our school district and district stakeholders. Therefore, board members will discuss any issues and concerns with the superintendent as soon as possible.

* Communications with the Press or Media: All communication with the press or media will be directed to the superintendent. They will be the only spokesperson for the district.

* Adopted Policies: All board members are obligated to abide by and uphold the adopted policies of the Board whether the individual board member voted for the adoption or not. They are to reserve judgment on all matters until hearing the recommendations of the superintendent and discussing the matter with other members of the Board at a duly authorized meeting.

* School Visitations: All members of the board are encouraged to visit schools and attend school functions. Members should notify the superintendent when the desire is to visit classrooms or meet with a staff member. If the visit is a "casual drop-by" then the superintendent should be notified after the visit.

* Professional Development: Board members will seek out professional development opportunities as well as make continuous efforts to acquaint themselves with matters pertaining to the duties and responsibilities of their office.

* Personnel Decisions: The board employs all personnel upon consideration of the recommendation of the superintendent.

* Chain of Command: The last stop, not the first, will be the board. We agree to follow the chain of command and insist that others do so. While the board is eager to listen to its constituents and staff each inquiry is to be referred to the person who can properly and expeditiously address the issue. Therefore, all personnel complaints and criticisms received by the board will be directed to the superintendent. Furthermore, we require that all employees of the District follow the policy regarding complaints and understand and support the lines of authority.
